

## HT-80A Sound Level Meter

### Feature

1. Provides 3dB accuracy
2. Newly and small Design Shape
3. High Performance
4. Max Hold Function

### Specification

- |                        |                           |
|------------------------|---------------------------|
| 1. Level Range         | LoA=35-100dB              |
| 2. Accuracy            | +3dB (ref 94dB @1kHz)     |
| 3. Frequency Range     | 31.5Hz to 8k Hz           |
| 4. Frequency Weighting | A                         |
| 5. Battery Type        | 9V battery                |
| 6. Operation Temp      | 0 °C -40 °C (<80% R.H.)   |
| 7. Storage Temp        | -10 °C ~60 °C (<70% R.H.) |
